

LETTERS TO THE EDITOR

The Letters to the Editor section is divided into three categories entitled Notes, Comments, and Errata. Letters to the Editor are limited to one and three-fourths journal pages as described in the Announcement in the 1 January 2002 issue.

ERRATA

Erratum: "Direct *ab initio* dynamics studies of $N+H_2 \leftrightarrow NH+H$ reaction"
[J. Chem. Phys. 113, 6149 (2000)]

Shaowen Zhang and Thanh N. Truong

[DOI: 10.1063/1.1386782]

In the last paragraph of page 6150 and in Fig. 1 of this paper, we said the excited electronic state of N atom that correlates to the ground state of NH_2 (2B_1) is possibly 2P . The correct state is 2D .¹⁻⁴ We would like to thank Professor G. C. Schatz for pointing this out.

In the title of Table III, the unit for the rate constants is $cm^3 \text{ molecule}^{-1} s^{-1}$, instead of $cm^3 \text{ mol}^{-1} s^{-1}$, which appears in the paper.
